Suggested Activities

Unit 1: Sociology as a Science

- 1. A discussion can be conducted on Common sense explanation Vs Sociological Explanation on topics like reasons for poverty, literacy level, health status, divorce, arranged or love marriage and students can present their ideas.*
- 2. Students can be asked to identify the differences between methods of study adopted in subjects like Physics or Chemistry in comparison with Sociology, list them and present*
- 3. Students can be asked to find the common methods of study adopted in subjects like Botany or Zoology and Sociology and find commonalities or differences*
- 4. Issues like social status, economic inequality, sharing of natural resources, language issues etc. can be assigned to group of students for discussion and presentation on how they can be analysed from different sociological perspectives (Functional vs Conflict, Functional Vs Symbolic Interaction, Feminist Vs Functional for example)*
- 5. Students can be encouraged to share their views on ideal qualities of a woman or man in India and it can lead to a discussion on how these qualities are socially constructed rather than inborn/natural/god given*

Unit 2: Culture and Socialisation

- 1. Students can be encouraged to observe social norms in two different social environments - one familiar and another unfamiliar. It is necessary that the social environments should be sufficiently public in nature and they can spend time observing and noting how people act, behave, how social space is maintained etc. They can note down different types of norms like obedient behaviour, authority, friendly behaviour etc. and write down the basis for their conclusion. Observation should be of at least 45-60 minutes duration*
- 2. A discussion/assignment can be given to compare and contrast the ideas of melting pot principle of the USA and unity in diversity principle of India.*
- 3. An exercise can be conducted to stimulate thinking and discussion among students about the relationship between the way they dress and acculturation. For example, they can identify the changes in how men and women dress since last 75 years and differences in the level of acculturation and possible reasons for these differences.*
- 4. Drama or role play can be enacted to illustrate the changing social values in the areas of social interaction (breakdown of caste barriers, for example), changes in relationship between women and men, or increasing importance of values like liberty, equality, fraternity and such other issues*
- 5. Students can discuss in small groups about the use of cell phones among the youth and relate it to consumer culture. They can focus on issues like - increasing use of cell phones, increasing*

dependence on them, frequent exchange of old phones to new and the reasons for such behaviour. Other commodities like branded dress, computers, fashion products etc. can be taken up depending on the situation. It can also be used to introduce concepts like conspicuous consumption, traditional culture, anti-consumers, brand indifference etc to encourage further studies

- 6. Issues like gaming, online community, social media usage - their impact on identity and privacy in the life of modern youth can be taken up for discussion and presentation. Students can share their experiences related to the above topics and how it defines their personality*
- 7. Is there any difference between online world and real world? Should one use same set of rules and norms while interacting with friends, elders, younger ones in the online/real world? Can one be rude, harassing in the online world? Does the violence in online gaming, for example, a mirror of our real life expectations? Is there any difference between writing an Email/ paper application to ask for job interview? These are some examples for discussing about Netiquette.*
- 8. To understand the theories of socialisation, students can share their experiences related to - how they choose a new dress? Criteria used to buy a vehicle or consumer good like cell phone, write a report by observing and reporting on differences in expected behaviour of a six months child and one year old child.*

Unit 3: Social Change

- 1. A comparative report writing can be assigned on why handloom cotton saris etc are costlier than industry produced clothes (both cotton and synthetic) by way of collecting opinion of the dealers, producers and consumers*
- 2. Assign groups of students to observe, discuss and report on the working of a darshini cafe, big restaurant/hotel and a street side tea shop in the context of rationalisation and McDonaldization.*
- 3. Make the students to express their dreams and aspirations about the type of place/community in which they wish to live when they grow up and ask them to identify the urban/rural elements that are absolutely essential*
- 4. A project on loss of green/lung spaces in the normal area of residence of students - like loss of gomalas, parks, forests etc.*
- 5. A project on crop pattern, tools used including fertilisers and pesticides, preferred crop, problems faced by the agriculturists in the students' place of residence or nearby village*
- 6. A project in nearby village on how many elderly persons are living alone or with their partners but children have moved to urban areas and how they experience social life*

Suggested Activities

Unit 1: Family and Marriage

- 1. NFHS data related to Karnataka can be used to illustrate the change in family size over a period of time. Similarly, reports cited in Suggested Internet Resources can be used to involve students in analysis of secondary data*
- 2. Students can interview a small sample of 10-15 persons, in the neighbourhood of their residence and elicit answers for two questions: (a) Between arranged and love marriages, which do they prefer? (b) Reason for their answer to (a). Different groups of students are assigned to interview people of different age groups. Students should collate the data they have collected and present it as a small project report. Size of the report can vary from 750-2000 words, depending on the number of students involved and they should use appropriate tables and charts to present their data.*
- 3. Activity 1 can be carried out with by varying questions related to respondents' opinions on age of marriage, divorce, separation and cohabitation etc. associated with the institution of family*

Unit 2: Religion and Education

- 1. Students can be made to collect information about the level of participation in religious organisations and programmes among 15-20 young persons (as an individual or group activity) and submit their data as a report that can vary from 750-2000 words with appropriate tables and charts*
- 2. Debates about State interfering in religious beliefs associated with social institutions like family, marriage, divorce, property rights are seen since many decades in India. Students can conduct a micro-study on common people's opinion about these issues, present their data in the class room along with a report*
- 3. In the Suggested Internet Links, UNESCO Report on Education in India 2020 is provided. Summary/data sheets can be used to cover topics like literacy level, enrolment ratio, gender and education etc. Similarly State of Education - India can be fruitfully utilised by students to present their understanding of issues and reasons for lack of quality education in India*
- 4. A survey of students/youth of college can be conducted to understand their concerns about their opportunities in employment market by asking four-five questions - sex, age, education level and opinion, for example.*
- 5. A report can be prepared by students about the problems faced by special children at different levels of schools/college and present it in the context of inclusive education policy*
- 6. Movies like Sarkari hiriya prathamika shaale can be screened/viewed and students can participate in discussion or present in writing their opinions*

Unit 3: Economic and Political Institutions

1. *Indian amended the Maternity Benefit Act in 2017 extending many benefits to women workers, including 6 months maternity leave. How has this amendment benefited women in private sector, can be examined by students and discuss whether this act is beneficial to women's employment opportunities in the long run*
2. <https://www.nytimes.com/2020/02/19/parenting/why-dads-dont-take-parental-leave.html> This article in New York Times reports various reasons for fathers not opting for paternal leave while it is "mandatorily" expected that mothers should utilise the facility. A discussion can be held in the class room to understand the sociological roots of this behaviour difference in men and women, pressure of expectations, gender division of labour. Teachers can present the news report as a summary or reading sheet to facilitate the discussion. One more article which can be used is: <https://www.bbc.com/worklife/article/20210712-paternity-leave-the-hidden-barriers-keeping-men-at-work>
3. *BPOs provide ample opportunities for young women and men to work in India. It is a growing market and onsite training are given for new recruits. It is also an area where job insecurity is very high. Students can interview a few employees to understand the opportunities and threats they face in this area of work*
4. *Seasonal unemployment is very common for agricultural labourers. How do labourers cope with this situation and the problems they encounter can be documented by students*
5. *Migration from rural rural to urban areas is increasing. Experience of these migrant labourers can be reported as case study*
6. <https://supplychaindigital.com/supply-chain-2/indias-bpo-market-could-reach-dollar250-billion>
7. *Every rural/urban area has its own elected local body. Students can find out the difference between government and governance by documenting how people's representatives are elected (government) and the level of adherence to rules and regulations by these representatives and bureaucrats (governance) by doing social audit of public infrastructure like roads, availability/supply of water, response to complaints by public etc.*

Suggested Activities

Unit 1: Traditions in Transition

1. *Students can be made to interview their grand parents, elderly people in their family/neighbourhood to map the changes in social norms and values.*
2. *A project on dynamics of decision making in family related to spending money, marriage, education etc can be done and presented in the class room. Students should support their conclusions by way of instances they observed in their families and highlight the change and continuity*
3. *Data sheets can be used to discuss about the rural-urban divide and identify the reasons for the gap*
4. *Students can narrate/document their own experiences with respect to availability of infrastructure, health facilities, educational facilities etc. in their own villages or places of residence*
5. *A project on participation of common people in the local governance*

Unit 2: Movements for Social Justice

1. *“10th AISHE results for 2019-20 show that Gross Enrolment Ratio in the age group of 18-23 years as 27.1%. At Undergraduate level, the highest number of students at 32.7 per cent are enrolled in Arts/Humanities/Social Sciences courses followed by Science (16 per cent), Commerce (14.9) and Engineering and Technology (12.6). Whereas, at Ph.D. level, maximum number of students are enrolled in Engineering and Technology stream followed by Science.” Students can discuss about - How can we understand this data in terms of social justice and accessibility to higher education? Does this mean that 27.1% are privileged? Or, can we say that there is differential privilege among the students of arts/humanities, Science and Commerce?*
2. *Students can be assigned to write a report of about 500-750 words on any one social movement like LGBTQ activists, environmentalists, Dalit activists etc.with emphasis on objectives and social impact*

Unit 3: India in the Globalization Era

1. *Preferences and changes in food habits of persons belonging to different age groups can be mapped to identify the factors responsible for changing food habits or dressing styles and presented for discussion in the class room by students*
2. *Yoga has become very popular across regions, communities and religions. Students can discuss and present their conclusions on, whether the spread of yoga can be called as globalization? Also they can discuss about the nature of this phenomena (spiritual or physical exercise or choice of healthy life style) and its impact on Yoga as originally taught by ancient Indians. Similar exercises can be conducted on Ayurveda, Indian music, Indian food etc.*
3. *Students can discuss, note and present their reasons for extent and intensity of influence of English, Hindi, Tamil and Telugu languages on Kannada by way of analysing their usage in day to day language, in television programs etc. and its impact on Kannada as a language*

4. *“Family as an institution is changing towards more equalitarian relationships” - students can be asked to assess this statement in the background of their personal experience, write and present their report*
5. *According to a study by 2050, India’s elderly population will rise to 13% and will not be a young nation. In this context, teacher can elicit students’ opinion about what social values should govern our behaviour towards elderly and aged, to understand their world view*
6. *We are living in an era of internet - physically distant yett socially connected. A group discussion can be conducted to understand the extent of acceptance/non-acceptance of Others (not belonging to one’s group)*

Suggested Activities

Unit 1: Introduction

1. Students can be asked to answer a simple question - Who am I? They have to write describe themselves in 20 words/sentences. Students can write in any order, logic or importance. Their answers can be utilised to demonstrate how we are socialised by our interaction with others, mass media, family and educational system. Privacy of students has to be respected, however.
2. Students can be sent to a book store and asked to browse through children's books and identify how those stories depict different roles - description of the hero/heroine, villain/vamp, beggar or king
3. Students can visit a kids clothing store and record gender classification of dresses based on - colour, design, style and fabric.

Unit 2: Perception is Reality

1. Think of a Self Fulfilling Prophecy you have experienced. Does it confirm Thomas' theorem? Illustrate with current examples
2. Students can share their thoughts about how they feel and become conscious about oneself when they (a) wear a new dress, (b) dress out of their way, (c) dress outrageously
3. Students can list the reasons for choosing their display picture in their social media accounts (any one or two accounts) and a discussion can follow about the need for validation by others, especially strangers

Unit 3: Culture in Everyday Life

1. This is an activity for group discussion. Students are given few statements and they have to discuss among themselves and arrive at unanimous opinion about whether following can be called as culture or not:
 - a. Classical dance and music constitutes culture
 - b. Folk literature is a part of culture
 - c. Pickpocketing is part of culture
 - d. Newspapers and magazines are part of culture
 - e. Killing is an art; therefore it is part of culture

Please note: Students should be clearly cautioned that, if they do not arrive at unanimous decision, then the whole group will stand to lose points in evaluation. (This is an exercise which demonstrates the leadership, ability to adjust to the group's opinion, convincing capacity of students apart from reasoning, logic and presentation skills. This can also be used as an example to illustrate the concept of oversocialisation given by Durkheim).

2. Can we call the popularity of tandoori chicken or vada pav an example for globalisation? Students should be encouraged to give their reasons for their answer (<https://www.timesnownews.com/the-buzz/article/this-dish-has-topped-the-global-list-of-most-searched-indian-food/548297>This news item can be used to generate discussion)
3. In the theatre actors routinely perform different roles. Do public figures, celebrities, political parties, or corporate bodies, in the media, alter their role playing according to the context or audience?

Pedagogy :Field work, micro projects, group discussion, role play, written/oral presentation by students

Suggested Activities

Unit 1: Rural Agrarian Structure

- 1. Students can write a note on the social history of their village or nearby village by talking to the elders and compare notes to discuss about M N Srinivas' argument on social construction of village communities*
- 2. A report on presence or absence of beneficiaries of land to tiller programme can be prepared to understand the success of land reform laws*
- 3. Opinion of villagers can be collected on the impact of converting agricultural land to residential layouts or other commercial purposes. This can be in the form of case study or taking a small purposive sample. Students can assess the impact of dreaming (sell land and become rich) and the reality (becoming rich or end losing one's livelihood)*

Unit 2: Themes of Rural Society in India

- 1. A visit or two to the nearest weekly market and document the diversity and local flavour in terms of goods sold, traders and buyers' place of origin etc. can be documented systematically*
- 2. Impact of online markets on the life of villagers - selling their products like fish or agricultural commodity, economic benefits and social advantages etc. can be collected and presented*
- 3. Big retailers like Jiomart, Big Basket, Amazon Pantry have entered both rural and urban markets to supply vegetables, fruits, milk etc. What are the possible results of this entry of corporate retailers on neighbourhood vendors? How does it affect both the seller and buyer?*

Unit 3: Rural Development

- 1. Students can be asked to collect data on - why do people opt to work under the MGNREGA scheme? Did they have any choice? How this scheme has helped them? When the program is not in operation, how do they manage their livelihood? A systematic presentation will help them in understanding the harsh realities of life*
- 2. We know that the level of participation among villagers is very high when elections to local bodies take place when compared to assembly or parliamentary elections. Students can find out the reasons for this asymmetrical participation and understand the role of casteism, factionalism, bonds of kinship etc.*
- 3. Political actors raise issues to get votes, gain following and attract the public. Students can do an exercise to list all those issues and categorise them under different headings like - Issues that bring*

about real change in people's lives, give people a sense of their own power, emotional appeal, issues that affect their existence etc. and provide reasons for their categorisation.

- 4. How people rebuild their life when they are affected by droughts/floods or relocated or displaced? Case studies or small sample surveys can be conducted and report presented in the class room along with their impressions and suggestions.*

Apart from the above,

- 1. Students may be asked to assess Self-help groups, Stree Shakti units, or to assess women's participation in rural administration*
- 2. Information on village sanitation, water facilities, irrigation, etc. may be collected.*
- 3. An assessment of recent programs, policies, and developments took place in the villages may be done by the students.*
- 4. Resource mapping, Problem identification, problem solving activities may be assigned to the students.*
- 5. Comparative of analysis of villages and urban areas, enumeration of rural customs and practices may be advised.*

B.A. Semester II - Open Elective 2

Course Title : Society Through Gender Lens	
Course Credits : 3	Duration of ESA / Exam : 3 hours
Total Contact Hours : 39	Formative Assessment Marks : 40
Lecture hours per week : 3 hours	Summative Assessment Marks : 60

Course Objectives

Gender Justice course has the objectives of explaining how gender is socially constructed and cultivated; it analyses how this hidden constructive approach of societies has contributed for asymmetric gender relations and manifests in various forms and how these biases and discrimination has been addressed in different societies, with particular attention towards India.

Course Outcomes

At the end of the course the student will be able to:

1. Understand the role of socialization as a constructor of gender roles and status
2. Appreciate the role of defining one's self identity in terms of gender
3. Identify the gender bias and discrimination present in everyday social structure
4. Take informed decisions about addressing gender justice issues

Pedagogy

Suggested Activities

Unit 1: Social Change and Development

1. <https://www.indiaspend.com/fewer-girls-born-in-northern-western-and-richer-indian-states-79517/>The link is a news item about economically rich states of India having fewer girls born. Provides useful data to show that economic growth is not development
2. <https://www.statista.com/statistics/633011/reported-dowry-death-cases-by-state-india/>This link provides data for dowry deaths in different states of India for the year 2019. This can be used to demonstrate the gap between growth and desired change in social values
3. https://censusindia.gov.in/2011-prov-results/data_files/india/Final_PPT_2011_chapter6.pdf State of Literacy Report by Census of India authority. Once again, data in this document can be used for different purposes to generate discussion on need for social development and inadequacy of economic growth

Unit 2: Components of Social Development

1. A project on life chances and social opportunities can be conducted within the college or across colleges to understand its influence on educational attainments
2. Micro projects can be assigned to understand the Sustainable Development Goals
3. Filing RTI application: to help students to learn how to file an application, procedure involved and problems they may face can be experienced and presented in the class room

Unit 3: Social Development: Challenges and Crisis

1. Students can be asked to visit a slum, nearby village or tribal area and collect data about lack or presence of social infrastructure and their quality to assess the inclusive/exclusive nature of development. Teachers can assign this to individual/group of students and ask them to present their findings. Students can also be encouraged to take photos or make videos and an exhibition can be arranged in the college
2. Different Development Reports can be used to present a writeup on regional imbalances at different levels (international, national, statewide or even within one's city/town/village). Students' writeup can contain - indicators uses, graphs and explanations apart from photos/videos.
3. Activity (2) can be combined with those listed under Unit 1
